What Exactly does the Healthy Living Program look like?

OK. Let's break it down for you a bit, as best I can.

The cornerstone of my program remains the **BLISS** workouts. You get a fresh workout card sent to you every month via email. You access the **Exercise Library** and the **Exercise Albums** created by me. As well, you receive your Monthly Video (interview, training tip, or seminar), some tasty Recipes and the Monthly HLP Articles. This is just for starters.....

You will also be a part of the **Monthly HLP Step program** (below). My goal is to build you from the ground up every week with this cool automated program I created. It's all to help you build physical, nutritional, mental, emotional and spiritual health. Get energized, shapely, sexy, peaceful and happy! **Here's a snapshot of the first 12 months** with our themes, lessons, and more.....

When does it end? It doesn't, really. Lifelong learning (and great health) is an ongoing process, yes? As new stuff comes down the pipes— interesting people, recipes, training tips, interviews, videos, seminars— I serve it up to you weekly. For a brief video tour of the HLP, [GO HERE>](#).

You can stay as long as you like ☺ or you can leave whenever you like ☹.The choice is yours. (We hope you stay!)

Please note: the HLP is a *recurring* program, so your credit card will be billed monthly, so you must unsubscribe yourself if you wish to cancel. The unsubscribe button is easily accessible.
